

WE
HAVE
AN
EYE
FOR
FOR
DETAIL

At Independent Heating and Cooling we have an eye for detail. Whether we design or maintain a system, we take the time to see everything – what your exact needs are and how an air conditioning, heating or ventilation system serves that need.

We aim to miss nothing, so that when we leave, we won't need to return to fix something that we missed earlier. So you know that the price we quote you is the bottom line. No hidden extras, no additional bits of kit we hadn't thought of – and no extra charges.

In short, we want to give you the best and most cost effective price we can.

Next time you have the need for new air conditioning or heating equipment, an update to existing kit, or general maintenance, give us a call.
